MOSS CLUB

OCTOBER NEWSLETTER

THIS MONTH...

Six of our South Florida clubs met at Eagles' Haven for a leadership workshop. Specialists, including Erin Dahlgren from Engage Breathwork, led grounding techniques, while Erin Garvis from the Dale Carnegie Institute shared insights on effective communication and teamwork. Participants collaborated on various leadership scenarios and exercises for application in their schools and clubs.

SCHOOL SAFETY WEEK

MOSS Clubs actively participated in America's School Safety Week with engaging initiatives, including morning announcements, positive messages, hallway displays, self-defense demonstrations, and advocacy for Alyssa's Act.

We also collaborated with our elementary schools and communities through our Safety Squad book for events like the Book Buddies program at the Parkland Library.
